

**Massachusetts Gastroenterology Association (MGA) in joint providership with the Massachusetts Medical Society presents:**

**MGA FALL MEETING**  
***Incorporating New IBD Drugs into Practice***  
**Thursday, October 13, 2022**  
**6:00 p.m. – 8:10 p.m.**  
**Virtual Online Meeting**

**Program Description:**

The Massachusetts Gastroenterology Association (MGA) Education Program Committee's mission is to provide practical, evidence-based lectures and seminars to practicing New England gastroenterologists, GI fellows and Advanced Practice Providers. This course will provide education on the use of new pharmaceuticals targeting inflammatory bowel disease (IBD) and how to incorporate them into existing practice guidelines.

**Program Objectives:**

As a result of participating in this program, learners should be able to:

- Apply current IBD guidelines and clinical care pathways to IBD patient care.
- Integrate new IBD therapeutics into clinical care pathways and IBD patient care.
- Discuss the mechanism of action of new IBD therapeutics, how they are prescribed, and their adverse event profile.
- Recognize prospective IBD therapeutics in the pipeline for the near future

6:00 p.m.	<b>Welcome</b> Uri Avissar, MD Assistant Professor of Medicine Boston University School of Medicine
